OF INTEREST TO PARENTS

Importance of Attention to the Health of a Child During Years of Rapid Growth.

School children who are nervous, who cannot sit quietly on a chair, who are always dropping things, and perhaps have twitching of the muscles of the face, need Dr. Williams' Pink Pills at

Growing girls who become pale and thin, who have fickle appetites; who are out of breath after climbing the stairs, and who have palpitation of the heart after the least exertion, need

Parents of such children should not delay the treatment. Nervous children do not develop properly. A sickly girl-hood means a sickly womanhood and lack of blood during the years of most rapid growth means flat-chested, listless ambitionless men and aless men and women later on.

Pure, rich, red blood is what is needed. Strength for the nerves follows naturally. The time to correct the need of these is now, before any more

Mrs. A. L. Luckie, of No. 910 Adam street, St. Charles, Mo., says: "I first began to take Dr. Williams" Pink Pills when I was fourteen years old. I was so pale that I looked as though I had no blood. I had been weak and sick for a number of years, had but little for a number of years, had but little strength and was very nervous. I was subject to sick headaches and dizzy spells. My blood was turning to water and my mother thought I was going into consumption. I received no help from any of the medicines that I tried until I took Dr. Williams' Pink Pills for Pale People. They seemed to give me new blood right away and my cheeks became rosy, which they never had been before. I continued with the pills until I was completely cured. Since then I have used the pills after the birth of my child and found that they built me right up."

Every parent of a growing child has a serious responsibility. A little money for the right tonic now may mean the difference between a lifetime of sickness or of health and happiness. Get a box of Dr. Williams' Pink Pills today and read the directions. Start the treatment at once.

'Big 800' Ridicules Merchants for \$100 Donation to Kahanamoku

Although there was not a quorum present half an hour after the opening time, members of the Merchants' Association, asembled for the quarterly meeting at the rooms in the Alexander Young building, were called to order by President A. Z. Gignoux at 3.30 yesterday afternoon, so that any business calling for attention might be done, subject to ratification at some later meeting when a quorum would be present. N. B. Young, assistant secretary, read the minutes of a regular and special meeting and before the session had gone far the requisite fifteen members to make the proceedings regular were present.

P. A. Swift read a report from the committee on trade and finance, relating its doings for the past three months. The matters have all been covered in the newspapers. Ed Towse, in the absence of Chair-

man Hepburn, gave an oral report for the committee on publicity and promotion on the Fourth of July celebration. About \$2400 was expended on the event and all the bills were paid. F. L. Waldron reported orally from the joint committee on a commercial

building. The effort to finance the proposition on the part of the commercial bodies had failed, and the probability was now that a building to accommodate them would be erected

by private enterprise. President Gignoux, in calling for the reading of two communications from the Board of Trade of Hilo, relative to its proposal of a commercial conference there in September, said: "It is a matter of vital importance and I think as many members of the Association as possible should go to Hilo." After the reading of the letters, J. M. Riggs said Hilo's progressive spirit deserved recognition and urged the members to cooperate in the get-together scheme for the good of the Territory. The president appointed Messrs, Swift, Towse and Bush a committee to canvass the members and get as many as possible of

them to accept the Hilo invitation. Amusement was caused by the reading of an article in "The Big 800," ridiculing the Association for its contribution of \$100 to Duke Kahanamoku's traveling expenses. It said the merchants of Honolulu must have paid twenty-five cents apiece. The president, who introduced the subject, said the editor of the paper regretted hat we have just received, by last the publication and had promised to was all the Association was asked for, side trip to Atlantic City.

TO PROVE BRIGHT'S DISEASE CURABLE

Many physicians are now saving cases of chronic Bright's Disease heretofore supposed to be incurable. But to convince more members of the profession on Saturday, May 18th, the San Francisco dailies (Evening Post and Bulletin) contained an invitation to the effect that if , four reputable physicians of known standing in San Francisco would send us a case of chronic Bright's Disease (patient to be strong enough to call at our office) showing a large amount of albumen and casts, a case in which Ligitalis, Nitro Glycerine and Bashman's Mix-ture have failed, with a letter signed by them showing these facts, we would attempt to return the patient in sixty days with the albumen and casts reduced one-half or more and pa-tient on the road to recevery. If we All kinds Wrapping Papers and fail, we to publish the fact, if we suc-

All these cases do not recover, but so many have that with the hope that Phone 1416 Geo. G. Guild, Gen. Mgr. and save more of the thousands annually dying under the old treatment, we made the above offer.
